

LAN Infotech Expands into larger Office Space

May 31st, 2011: Ft. Lauderdale, FL: LAN Infotech announces expansion into larger office space. Over the past 12 months, LAN Infotech has experienced steady growth which has led to several new employees being hired. As such, LAN Infotech negotiated for larger office space in their existing building and moved its Headquarters. The new space features 6 offices, 1 conference room, a kitchen area, a storage area, and a spacious reception area.

Michael Goldstein, CEO & Founder of LAN Infotech commented, "We are excited about our growth, especially considering the challenging economic climate today. Thanks to our loyal clients, steadfast partners, and dedicated employees, our service and support has never wavered. We remain committed to providing the highest level of service and best of breed products in order for our clients to remain competitive and profitable."

Along with the new office space, LAN Infotech also reworked its website and tweaked its marketing message to ensure its clients stay abreast of the latest in technology. The new website can be found at www.laninfotech.com.
