LAN Infotech Business Continuity Event

**LAN Infotech
Hosted a Business Continuity Event
At Sun Life Stadium on May 10th, 2011**

May 24, 2011: Miami, FL: Another successful event was hosted by LAN Infotech. This time LAN Infotech partnered with its Sponsors: McAfee®, Data-Robotics®, D-Link®, Earthlink Business®, nQuery®, Agility Solutions®, and Peak10® at Sun Life Stadium in Miami, Florida to host a Business Continuity Event for its clients.

Michael Goldstein, CEO & Founder of LAN Infotech commented, "We were delighted to have such great support from our vendors in order to put together such an incredible afternoon of technology followed by a baseball game in the evening. The relaxed and fun environment provided a high level of interaction between clients and vendors. The event was a complete success."

Sun Life Stadium was the ideal venue for this event. The facility itself is an internationally recognized premier sports and entertainment showplace. The meeting rooms are professionally designed and accommodated our guests and vendors comfortably. The food selection was remarkable and received glowing remarks by all who attended.   To cap it all off, our guests enjoyed a great baseball game.

END
